

### Milburn Junior High School Classmates

I started at Overland Park Elementary, Santa Fe Trail and Robinson. Then on to Milburn Junior High (1955-1957), this was a new experience, three levels of schooling; those of us who attended Milburn might remember we were the first Junior High School 8<sup>th</sup> grade class. The school and grounds were not finished and some classes were in totally crazy areas. Another piece of trivia: your son or daughter might also have been, as my daughter was, in the last class to attend Milburn Junior High. Were any of your children in one of those classes?
